- Collect/check the documentation/evidence required before a commodity can be certified
- IT work – checking information digitally
- Liaising with clients to obtain the required supporting documentation
- Administration duties
- Process review to ensure efficiency
- Assist the CO with completion of the export health certificate
- Inspect and audit manufacturing sites in accordance with the Groupage (GEFS) scheme
- Maintaining computer records
- Comply with all the on-site Health and Safety requirements
- Establish and maintain excellent working relationships with onsite officials

What we need from you;

Essential:

- Up to date OCQ (AHP CSO) qualified or desire to train (company funded)
- The **specific requirements** for the AHP CSO qualification are;
 - **3 Highers or 3 A Levels (1 of which to be a science) OR**
 - **a degree OR**
 - **3 years in food manufacturing role.**
- Good attention to detail, English language and literacy skills
- Ability to work under pressure
- Ability to work as part of team
- Confident and decisive nature
- Ability to explain processes to colleagues
- Ability to inspect wide range of goods in ambient/chilled/frozen areas
- Excellent computer skills

- Excellent communication skills
- Right to reside and work in the UK
- Full UK Driving license and own transport

Desirable:

- Experience of PX work
- Knowledge of food manufacturing standards/processes
- Flexibility with regards to working hours (some sites/roles may require early morning/evening and/or nights)
